GEORGIA AND ARKANSAS.

The report by General Sibley of the disturbances on the Ogeeche, in Georgia, represents them as contemptible and insignificant. The negroes were anxious to surrender, but were afraid to come in lest they should be attacked. The General only saw three guns and one bayonet on a stick. He saw only fifty negroes, though he says there are warrants for over two hundred. They were very much frightened, and denied that they had resisted the people—which the General thinks is true. This, in connection with the accounts previously received, makes a strange affair. It was a panic on all sides—very little, if true, to the credit of the gallant people of Savannah.

From Arkansas, we are given to understand that the reports previously received are substantially correct. The carpet-bag Governor has organized a black militia and turned them loose at free quarters among the people of the State. We do not understand that the officers of General Grant's staff, who make the report, either censure or commend the conduct of the Governor. Some portions of the report look like disapprobation and some like approval.

This is one mode, certainly, and a pretty effective one, of rendering the pestilent (so called) doctrine of State Rights beloved!—We suppose the good people of Arkansas, who are plundered by negro militia in the name and on behalf of the sovereign State of Arkansas, will never be able to express all the feelings of gratitude, love and devotion which they entertain for their sovereign State!

It is said that this is the Radical programme for all the Southern States. A bill has already passed both Houses of Congress authorizing the other reconstructed States to organize similar bands of brigands—2 000 in each Congressional District—with Government arms. The prospect is refreshing! Virginia, Mississippi and Texas, not being yet reconstructed, are spared a little longer.

If *Empire* be the object of the military programme, and continued disturbances in the South be deemed essential to the success of the scheme, we can assure them that so far as the people of the South are concerned, they need no such lesson. They are fully educated up to the highest point of Imperialism. Anything to restore the peace and prosperity of the country and deliver us from a mob of tyrants! But if it be thought necessary to keep the South plundered, agitated and convulsed, by way of pretext for increasing the standing army to overawe the North—not yet ready for Empire—we think this, too, is a miscalculation. There will be no resistance there. An Imperial *Plebiscitum* would be voted to-morrow by acclamation.

We often wondered in our school boy days how the people of Greece and Rome could be such fools as to surrender their liberties. We wonder no more! A minority of a population may render free government difficult, if not impracticable; but when the majority become corrupt and dishonest, by the testimony of Dr. Franklin and of universal history, they become unfit for, and incapable of, any but a despotism. —*Rich. Whig.*

PEACE AND GOOD WILL.—Nothing can be more marked than the general wish expressed on the part of all prominent Democrats in office to give the incoming President a fair trial. Southern people who greatly preferred Gov. Seymour for President, hope for the best, and manifest a desire to judge of the future by its fruits. The language of Gov. Hoffman upon federal politics and upon Gen. Grant, was in the best taste and in the truest spirit of patriotism, and all the more as it came from the Governor of a State not only with the largest population in the Union, but, in spite of Gen. Grant's popularity, and in the face of money, prejudice, and passion, which cast her Electoral vote against the successful candidate for the Presidency. New York State votes the Democratic ticket, but New York Democrats know how to be just and trusting towards a distinguished opponent elected to the highest office in the gift of the people.

The people of Kentucky gave a majority for Gov. Seymour several times as large as that in this State, but her Democratic Governor, in his inaugural, says, in a spirit of peace and good will, that—

"Although the electoral vote of Kentucky was not cast at that election for the President elect, yet I am quite sure I faithfully reflect the voice of her people in saying they look to him now, not as the President of a party, but as the President of the entire country, and as such they will all unite as with one heart and one mind, irrespective of the past, in yielding a cordial support to all his official acts and measures, having for their object the supremacy of the Constitution of the United States, the restitution and perpetuity of the American Union, the support of the State governments in all their rights, as the most competent administration for our domestic concerns and the surest bulwarks against anti-republican tendencies; economy and rigid accountability of all officials in administration of the government."

Gen. Grant's antecedents were all upon the side of the principles herein set forth, and we shall rejoice to see him the defender of measures upon which depend the best interests of the whole American people.—*New York Express.*

A TINKER IN THE SENATE.—What can be expected to come of a tinkered State but tinkering Senators? Here is one Spencer claiming to be a "Senator from Alabama," who yesterday got up in the Senate gravely and offered a bill "*to regulate the price and encourage the production of cotton in the United States!*" We should be enchanted to see the machinery by which this enlightened Spencer proposes to "to regulate the price of cotton" in the United States. Why not a bill to "regulate the price" of boots and shoes, or starch, or carpet-bags, or turnips, or Radical members of Congress?

As for "encouraging the production" of cotton, that is an easy thing to be done.—But as it can only be done effectually by sending the Spencers and such as the Spencers home from Alabama to mind their own business (if they can find any business to mind) in the States of which they are citizens, we fear that it will be a long time yet before we shall see the "production of cotton encouraged" in Alabama or elsewhere. Letting well enough alone is often found to be hard. But these insane Radicals can't even "let *ill* enough alone."—*N. Y. World.*

LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUCK, ... *President.*
ABRAM D. POLHEMUS ..... *Vice President.*
WILLIAM M. COLE ..... *Secretary.*
D. P. FACKLER ..... *Consulting Actuary.*
DANIEL AYRES, M. D., LL.D. ..... *Med. Examiner.*

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States, are:

1st TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over, without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

LIFE INSURANCE.

ÆTNA

LIFE INSURANCE COMPANY,

HON. E. A. BULKELEY, President,
AUSTIN DUNHAM, Vice "
T. O. ENDERS, Secretary.
H. W. STJOHN, Actuary.

SUMMARY OF BUSINESS FOR 1867

Total Assets, over	$10,000,000
Polices Insured in '67,	15,251
Am't Insured, nearly	$45,000,000
Policies Average "	3,000
Receipts for 1867,	5,129,447
Surplus for Dividends,	2,000,000

Dividend Fifty per cent.

Receipts for Interest Nearly Paid Its Losses.

It has $130 Assets for every $100 Liabilities.

Its premium receipts at the present time are nearly HALF A MILLION DOLLARS per month and are rapidly increasing.

The growth of the Ætna has never been equaled by any other Company whatsoever, in Europe or America.

Particular attention is called to the fact that while its business is increasing unprecedentedly, its ratio of expenses is comparatively small.

ECONOMY of management, CARE in the selection of risks, *promptness* in the payment of death claims, and *security* in the investment of its immense Trust Funds, are rigidly adhered to, and have ever characterized this Company.

The ÆTNA issues all the favorite kinds of Policies at the most favorable rates.

The ÆTNA issued last year more Endowment Insurances than any other Company.

The ÆTNA'S ratio of expenses, or cost of new business is less than any other Company whatsoever, and less than *two-thirds* of the average.

The ÆTNA is as liberal in permits to travel, in all parts of the world, as a sound discretion will warrant, and is much more liberal than any other prominent Company.

ANNUAL INCOME over $6.000,000.

The only Company that has the Low Participating Non-forfeitable Term Insurance with privilege of renewal. Ex. of rate at age 30 $14 67, which is nearly 40 per cent. lower than any other leading Company. Also

Non-forfeiting cash rates with dividends on contribution plan and payable at the end of the first year.

Description of Policies.

First—Whole Life Policies.

Second—Endowment Policies, for terms of ten fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term, or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies, issued at the rates published herewith, will participate in the surplus from the date of issue,

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made the dividends will be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON-FORFEITURE RULES.

No whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payment as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends, then accumulated, will purchase, taken as a single net premium, upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

SOUTHERN LIFE INSURANCE COMPANY.

PURELY A SOUTHERN INSTITUTION.

PRINCIPAL OFFICES:
Atlanta, Georgia; Memphis, Tennessee; Louisville, Kentucky.

CAPITAL STOCK, $228,500.

Nett Assets of the Company, July 1st, 1868, $330,942.66.

Insures lives, and promptly adjusts and pays losses. Its principal business is with Southern States, and to them it appeals for patronage. It has ample means to fully protect Policy holders and pay all losses.

The "Southern" combines the advantage of both note and cash system, stock and mutual—such as choose to pay cash may do so and secure a non-forfeitable policy and all the advantages of a Cash Company. The privilege of a permanent loan for one-third is granted to all who desire it.

It makes investments at home in good and reliable securities, thereby tending to make money more plenty in our midst, and to aid in developing the resources of our section and to stop the annual drain of over SIX Million dollars, which are being sent North for Life Insurance.

Its profits are equitably distributed among Policy holders and Stockholders.

In its organization are presented men of experience in Life Insurance and their aim will be to make the "Southern Life" the exponent of the business, enterprise and progress of the present day.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, JANUARY 13, 1869.

THE STANDARD.

The people of the State are too much interested in the Penitentiary swindle, and in the trial, now going on, of members of the Legislature, for "selling their votes for dollars and cents," as Senator Sweet says they have done, to be interested in the attacks of the *Standard* upon our character, as a coward, and, by insendo, a thief. If we had ever been guilty of stealing, we would keep silence, as Dr. Hawkins did, when the *Standard* accused him of lying to get his pardon.

When our columns are less crowded with Legislative proceedings and items of news, we may say something of ourself and the *Standard*.

While we are writing even this much of ourself and the *Standard*, news comes from the Capitol that Senator Sweet, making a personal explanation, on the floor of the Senate, declared that a person of prominence, connected with the *Standard* office, had absented himself from the City, *and could not be found*; that this person, connected with the *Standard*, it was thought, would throw light upon the bribery and corruption business—the buying and selling of votes of members of the Legislature.

No Senator was at a loss to designate the absent man. It is General Littlefield, who, it is said, with Wall Street brokers and bondholders of the State, owns the *Standard* as an organ to advocate and defend all the reckless plans and projects in the State, ostensibly for its improvement, but in truth for the plunder of its Treasury.

Senator Sweet, speaking of the *Standard* article,—an article falsifying the truth and intended to break down his character and lessen his influence in the Senate—declared to the Senate that it contained, not one, but twelve "lies"—he did not call them false hoods. He said the charges in the *Standard* were as far from truth as heaven was from hell;—that the author of the editorial had a heart as black as the blackest night, and was a man base enough to resort to any means to accomplish his hellish purposes.

While such things are heard and spoken in the Capitol, they must go forth in the columns of the *Sentinel*, to be read by the people, rather than any self-vindication which we could make against the malicious assaults of the *Standard* upon our character, either as a rogue, coward or drunkard.

When the owner and ostensible Editor of the *Standard* is caught by the Marshal and the subpœna served to have him before the Investigating Committee as a witness to prove the bribery and corruption of certain members of the Legislature, we may *then* have room in our columns to take some notice of the *Standard's* effort to blacken our character.

CARPET-BAG GOVERNMENT.—The New Orleans *Crescent* vouches for the following as a fact. Who knows but that the Bribery and Corruption Committee of our Legislature may disclose some similar experiences here?

"During the last session of the Legislature a certain individual had a certain bill he wished engineered through. He accordingly applied to a member of the House, a white carpet-bagger, to "take care" of the bill, as the delicate phrase is, promising him $100 for so doing. The offer was accepted. But the legislator did not come up to time. One day passed, two days, three days, a week, and the required bill was not yet introduced. The individual went to the legislator, and, expressing his surprise at the delinquency, asked, in the language of Artemus, the immortal, "Why is this thus?" The legislator pleaded lack of time—he had been occupied with more important business, it would soon be all right. The individual was satisfied and went his way. But one day passed, two days, three days, a week, and still the bill had not been introduced. Again the individual sought the knight of the C. B. The same excuse as before was offered, when the individual beginning to suspect the reason of the neglect of his business, thus addressed the member from—well, we won't say what parish—"Look here! I promised you $100 to get my bill through. Well, here's $25 in cash; I'll give you $25 when the bill passes the House, $25 when it passes the Senate, and $25 when the Governor signs it."

"Ah!" said the carpet-bagger, "that looks like business. The bill shall go through." The several $25 were paid in due succession, and in less than a week the bill did go through.

This reminds us of a complaint made by a certain member of the Legislature, that at the summer session he had agreed to give his vote on a measure for $50. The vote was given and the measure became a law, but the $50 was not forthcoming. Our legislator told the story, and added that he'd be d—d if he ever gave another vote except for cash.

The moral of the above two anecdotes is that cash must now be paid for all votes in the Legislature."

SUNDAY COURIER.—We hail, with pleasure, the appearance of this handsome Weekly paper. It is published every Saturday evening, in Portsmouth, under the auspices of R. M. Furman, Esq., late of the Henderson *Index*, Editor and Proprietor, and T. J. Lee, Esq., formerly of the *North Carolinian*, Associate Editor. The *Courier* is gotten up in very beautiful style and its contents are of a high order of merit, embracing a rich and entertaining variety. It is bound to succeed.

ANSWER TO QUERY.—A correspondent, living in a town in which a number of fraudulent votes were cast at the late Municipal election, desires to know whether, under the recent act of the Legislature, "the right of franchise requires *ten or thirty* days' residence." The law requires only *ten* days.

Senate and Sentinel Correspondence.

SENATE CHAMBER,
Raleigh, January 7, 1869.

Mr. Josiah Turner, Jr., Editor Sentinel:

I observe, in your paper of the first of January, the following Editorial:

"The last news from Oxford is that Gen Latta field paid Mr. Robt. W. Lassiter, the Senator from Granville, $7,000,—at the rate of twenty dollars per acre, for land so poor that the very squirrels go about crying all the Fall, because of the scarcity of food.—A Granville man declared to us that he would not give fifty cents an acre for the land, and that if a kildee grazed upon it he would get so poor that Lassiter would have to let down the fence to drive him off the wheat, for he would not be able to fly! Now this much is of record."

The above is a false statement, for which, as the matter now stands, you are responsible. You say, however, that a Granville man is your informant. If such be the fact, I expect you to publish the information with the name of the author.

In justice to myself, I ask the insertion of this card in your paper.

Yours Respectfully,
R. W. LASSITER.

SENTINEL OFFICE, Jan. 12, 1869.

Hon. R. W. Lassiter, Senator from Granville (in Session):—I took leave of you, on the 11th., with none of that feeling with which Byron took leave of England. You remember that he bade adieu by saying:

"'Tis done—and shivering in the gale
The bark unfurls her snowy sail;
And whistling o'er the bending mast,
Loud sings on high the fresh'ning blast;
And I must from this land be gone,
Because I cannot love but one."

I bid adieu by saying, in plain prose, that I was going *to hunt a dog*, and learn his name! Well I did not find the dog, but I found Governor Holden. Now, Senator, where do you think I found him? I say *Senator*, for I take it that the subject matter of our correspondence is before *them*, as well as the Code Commissioners.

By the by, please say to the Code that I am not disposed to open correspondence with them, for I am not yet tired at yours

In an article in the *Standard* of yesterday, I am assailed by the Code, (or a member of it,) as I believe, as a coward and calumniator of your character. I deny the latter charge with both hands up. I call you for witness that it is not so. I have simply given a plain, but it may be mistaken, narrative of your sale of land to Gen. Littlefield and your purchase of Penitentiary land, with the aid of Cebe Harris, for the State. If that be to calumniate your character, then I am guilty. Tell *Victor* to pull off John Neathery's tinsel coat of mail. It dont fit.

As soon I read the article in the *Standard*, of yesterday, talking about *my* cowardice, and about Thersites, and Cicero, and Cassius, and Cataline, and men who were strangers to John Neathery and Gen. Littlefield, I knew that *they* did not write the article. I knew it was more apt to come from a man who had travelled in Spain, and even been to Rome, like the new "Professor" Brewer. Victor talking about "my cowardice" and my "infirmities!" Tell him that I know as much about his cowardice and his infirmities as *he* does about *mine*.

But this is a digression from what I was going to say about where I saw the Governor. I hope it will prove useful to the Code.

Looking for a dog, as I have said, I found the Governor. I found him in a grog shop, standing at the bar, not erect, but bent forward and over, in a sneaking, creeping way, as if he was trying to get a shoot at a wild turkey, instead of Pepper's decanter. When I saw him, he was just about leaving the bar. I did not see him when he came in. I hope, for the credit of the State, that he did not take a drink, for, if he did, it was a Massachusetts treat—every man paying for his own drink. I saw the Governor, some time ago, go into the grog shop at or near the Yarbrough House. I must do him the justice to say that, if he drank on either occasion, I don't know it. I never saw him take but one drink in my life, and that was in a grog shop on Fayetteville Street. He's a sober man, Senators. Yes, I say, Senators, he's a sober man, but then the influence, Senators, of this Gubernatorial example upon his own son and the youth of the city. Joseph William has recently, under the wholesome teaching and lecturing of Gen. Vance, joined the Temperance Society. I hope that, when he joined, he broke his "tickler." Yes, I hope Joseph did what we did not do at Troy, ("break the tickler.")

But the example, Senators,—how it must corrupt the youth of the city! Oh! pious Pepper, with your circus-going proclivities. Oh! Christian Brewer, with your migratory habits! Oh! sanctimonious Ashley, with your John Brown insolence to our Supreme Court! Oh! godly "Collards," with your midnight wrangles with Ball, the Doorkeeper! Whither will you lead us, with your social Jacobinical teachings! While you are teaching, and the State marching to the tune of the "new civilization," the Governor marches into the grog shops, drunken Judges march into Judicial robes, bribed men, Senator Sweet says, march into the Legislature, convicted and unconvicted felons march into high station.—Senators! in the name of God and the people, command these pious pilgrims to *halt, halt*, before the State marches deeper in debt, repudiation and shame.

Deliver this message to your—I like to have said *brother*—Robbins, but he's no kin, and all Conservative Senators: Tell them my justification for mentioning Gov. Holden's visiting the grog-shop will be found in the *Standard*, where he has assailed me in a vile and false manner for visiting "bar rooms," "carrying ticklers," &c. Tell them, that Joseph, his son, made me the subject of his bar room and "tickler" editorials.

But this is another digression, and I am losing sight of the subject matter of our correspondence.

It is clear from Blackstone, and my last letter, that the kildees and squirrels belong to the man that whipped you in your rebellion against the government, and then bought your land, viz: General Littlefield. Tell the General to sell the kildees and squirrels to Pryne, who may sell them to the State. The State should own them. The squirrels can be sustained and the kildees grazed on the 8,000 acres purchased by Cebe Harris and the Penitentiary Committee. Besides, this squirrel and kildee branch of the Penitentiary might be made self sustaining, as the Rev. W. H. Doherty says the Medical Department of the University at Chapel Hill may be.

But all this would lead us into a treatise on live stock and quadrupeds and the advantage to the State of connecting them with the Penitentiary system and the 8,000 acre purchase, which I must leave for a future letter, if you shall be pleased to continue the correspondence with

JOSIAH TURNER, Jr.

Legislature of North Carolina.

SENATE.

TUESDAY, Jan. 12, 1869.

The Senate was called to order at 11 o'clock

Mr. Sweet arose to a question of privilege, and said, in substance, as follows:

Mr. President: I arise to notice an article which appeared in to day's *Standard*, headed "The Investigation Committee," though it is thought unworthy of notice by many of my friends. I will allude to it this time and I trust it will be the last time that I shall be compelled to refer to that scurrilous sheet. The entire article, Mr. President, is as far from the truth as hell is from heaven, and that is supposed to be a considerable distance. I will now point out some of the glaring falsehoods to wit:

LIE NO. 1.

"It it now several weeks since the appointment of the Committee to investigate the fraud and corruption alleged by Mr. Sweet to exist in the General Assembly, and nothing has been heard from it.

LIE NO. 2.

The Committee have been given unlimited powers, and have been supported by every member of the General Assembly without regard to party, and yet nothing has been heard from the Committee.

LIE NO. 3.

The General Assembly has done everything in its power to prove to the people that it is innocent of fraud, and has no sympathy with it, yet the legislative body of a great State is allowed to remain under suspicion, while those who have charged crime upon it pick their teeth around hotels,

LIE NO. 4.

and are puffed up with the happy consciousness of the notoriety they have thereby attained.

LIE NO. 5.

The leading spirit of the Committee, when called upon to do justice to the body which has afforded him every opportunity to prove his charges,

LIE NO. 6.

Deliberately rises in his place in the Senate and says that he can prove his charges in five minutes, "*but prefers to wait!*"

LIE NO. 7.

And this is the answer that the Legislature of North Carolina receives when it demands to know upon what grounds it has been charged with crime, its honor impeached and its fair fame blackened. "*Mr. Sweet prefers to wait!*"

LIE NO. 8.

When the people of the State demand to know why their representatives are stigmatized as being guilty of fraud and bribery, they are awed into silence by being told that "*Mr. Sweet prefers to wait*"

LIE NO. 9.

The *Standard* is and has ever been in favor of giving Mr. Sweet every chance of proving the truth of his charges.

LIE NO. 10.

And of giving every power asked by the Committee, that if fraud exists it may be punished.

LIE NO. 11.

Weeks have elapsed since the utterance of these charges, and yet nothing has been done to clear the General Assembly from the still unmerited imputations which have been cast upon it."

I will state now, Sir, for the information of the Senate, that a person high in authority *at the Standard Office*, from whom the Committee expected to get important information, *has absented himself from the City. He cannot be found*; consequently, we are unable to reach him, and I will state in the presence of the representative of that paper, that whosoever wrote that article did it for a malicious purpose, and he has a heart as black as the blackest night, and is base enough to resort to lies or any other means to accomplish his hellish purpose. I will not attempt to follow this author down into the cess pool of abuse and infamy. The person who contends with a pole-cat will suffer, and not the pole cat. I now wash my hands, and I hope for all time, in attempting to reply to these scurrilous attacks.

HOUSE OF REPRESENTATIVES.

TUESDAY, Jan. 12, 1868.

House called to order at 11 o'clock.

Prayer by the Rev. Mr. Long, of Chatham, of the House.

Journal of yesterday read and approved.

A leave of absence was granted to Mr. Moring.

Mr. Welch arose to a question of privilege. He said that, in calling the attention of the House to the error that occurred in the certified copy of the bill to re enact and confirm the issue of bonds to certain Railroad Companies, he did not intend to reflect upon the official integrity of the Secretary of State. That there was a material discrepancy between the bill as it really passed, and the certified copy, the Committee was fully prepared to show. He was not now prepared to locate the source of the error.

Mr. Himsat, from the Committee on Enrolment, said that the Committee was not now prepared to make a report, but, in justice to Mr. Welch, would state that their investigations so far had proven conclusively that there were grave errors in the bill. The investigation to locate the errors would be proceeded with, &c.

Mr. Downing arose to a question of privilege in regard to a Card of W. M. Robbins, Esq., in the *Standard*, in reply to a portion of Mr. Downing's speech in relation to the Penitentiary affair.

Mr. Downing proceeded to make comments upon various portions of the Card.

Mr. Gibbs presented the report of the Commissioners of Cabarrus County. Referred.

Mr. Robinson presented a petition from the Cherokee Indians, praying the Legislature to make such enactments as would protect them in person and property. Referred.

Mr. McCanless presented a petition from the Commissioners of Stokes county, asking for a loan of $500. Referred.

By consent, Mr. Long, of Richmond, introduced a resolution in favor of R. S. Ledbetter. Referred.

REPORTS OF COMMITTEES.

Mr. Seymour, from the Committee on the Judiciary, reported upon several bills, which will be noticed when they come up from the calendar,

Mr. Sinclair, from the Committee on Private Bills, also reported upon several bills, which will be noticed when they come up regularly.

In accordance with a resolution passed recently, a revised list of the members of Standing Committees was read by the Clerk.

A message was received from the Senate, transmitting the following House bills and resolutions, and informing the House of their passage, viz:

Resolution providing an office for the Superintendent of Public Instruction;

Bill to amend an act, entitled "an act concerning the government of counties;"

Bill to incorporate the Dunn's Rock Lodge, A. Y. M., at Brevard, Transylvania. They were ordered to be enrolled.

RESOLUTIONS.

By Mr. Candler: A resolution instructing Registers of Deeds and Clerks of Courts to return to the Secretary of State's office surplus dockets, &c., issued to them. Referred.

A message was received from the Senate, informing the House of the passage of the House bill, authorizing certain counties to issue bonds, with amendment.

The amendment being read, Mr. Estes moved that the House do not concur, and that a Committee on Conference be appointed. Carried.

The Chair announced Messrs. French, (by request of Mr. Estes, who did not wish to serve on the Committee,) W. T. Hayes, (colored) and Tyson as the Committee of Conference.

Mr. Estes wished to know what had become of the resolution, which passed the Senate before the recess, directing the Treasurer to withhold the bonds to pay for the eight thousand acres of land for the proposed Penitentiary.

He was informed that the resolution *had not yet reached the House.*

BILLS

By Mr. Welch: A bill to incorporate Waynesville Lodge, A. Y. M., in Haywood county. Referred.

By the same: A bill for the relief of A. F. Hargrove, late Tax Collector of Haywood county. Referred.

By Mr. Carson: A bill to incorporate Jefferson Lodge, A. Y. M., in Ashe county. Referred.

By the same: A bill to authorize the Sheriff of Ashe to collect the arrears of taxes. Referred.

By Isham Sweat, (colored.): A bill to amend the law of evidence. Referred.

By Mr. Moore: A bill authorizing the Presidents of Railroad and Navigation Companies to make the necessary transfer of individual stock sold under execution. Referred.

Mr. Barnett, from the Committee on Corporations, reported upon several bills, which will be noticed when they come up.

On motion of Mr. Seymour, the rules were suspended, and the bill to amend an act, entitled "The Code of Civil Procedure," was taken up.

After one or two amendments being offered and adopted, the bill passed its second reading.

On motion of Mr. Seymour, the bill, on its third reading, was read section by section.

During a lull in the debate, by consent, Mr. Laflin, from the Committee on Internal Improvements, reported a bill to repeal an act entitled "an act to amend an ordinance to incorporate the Northwestern North Carolina Railroad," and to substitute certain provisions for said act; also the bill to incorporate the University Railroad.

On motion of Mr. Laflin, action on these bills was postponed until Tuesday, the 19th inst.]

The discussion upon the bill amendatory to the Code of Civil Procedure, on its third reading, was resumed, and, after a long debate upon various amendments, the bill passed its final reading. (Published here after.)

On motion of Mr. Estes, the House then adjourned until to-morrow, 11 o'clock.

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are of a truly marvellous character. Inveterate cases of Scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of anti-strumous virtues. Disorders of a scrofulous type, and affections which are merely aggravated by the presence of scrofulous matters, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the *Sarsaparilla* as a preventive, advisable.

It is a mistake to suppose that so long as no eruptions or humors appear, there must be no scrofulous taint. These forms of derangement may never occur, and yet the vital forces of the body be so reduced by its subtle agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, foul air, filthiness, malfeasance, and the depressing vices generally, produce it. Weakly constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, whose turbid blood swells the veins with an apparently exuberant vitality, are often contaminated and on the road to its consequences. Indeed, no class or condition can depend on immunity from it, nor feel insensible to the importance of an effectual remedy.

In *St. Anthony's Fire, Rose or Erysipelas, for Tetter, Salt Rheum, Scald Head, Ringworm, Sore Ears and Eyes*, and other eruptive or visible forms of the diseases caused primarily by the scrofulous infection, the *Sarsaparilla* is so efficient as to be indispensable. And in the more concealed forms, as in *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Scuralgia*, and other affections of the muscular and nervous systems, the *Sarsaparilla*, through its purifying power, removes the cause of the disorder and produces astonishing cures.

The sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the extracts combined with it, of still greater power. So potent is this union of healing virtues, that *Scrofula* or *Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing those obstinate maladies by any medicine. *Leucorrhœa* or *Whites, Uterine Ulcerations*, and *Female Diseases* in general, are commonly soon relieved and ultimately cured by the invigorating and purifying effect of our *Sarsaparilla*. *Rheumatism* and *Gout*, often dependent on the accumulations of extraneous matters in the blood, have their remedy also in this medicine. For *Liver Complaints*, torpidity, inflammation, abscess, etc., caused by rankling poisons in the blood, we unhesitatingly recommend the *Sarsaparilla*.

This medicine restores health and vigor where no specific disease can be distinguished. Its restorative power is soon felt by those who are *Languid, Listless, Despondent, Sleepless*, and filled with *Nervous Apprehensions* or *Fears*, or who are troubled with any other of those affections symptomatic of weakness. Many, after taking it for *General Debility*, have written us of the youthful vigor imparted to their nervous system, which seemed buoyant with that prolific life they thought had departed on the advance of age. Others, whose fountains of life were always sterile, acknowledge their obligations to it for an obvious change.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

To the People of the Southern States.

NEW YORK, Nov. 3, 1868.

When the pure medicinal restorative, now so widely known as Wolfe's Schiedam Schnapps, was introduced into the world under the endorsement of four thousand leading members of the medical profession some 20 years ago, its proprietor was well aware that it could not wholly escape the penalty attached to all new and useful preparations. He, therefore, endeavored to invest it with strongest possible safeguard against counterfeiters, and to render all attempts to pirate it difficult and dangerous. It was submitted to distinguished chemists for analysis, and pronounced by them the purest spirit ever manufactured. Its purity and properties having been thus ascertained, samples of the article were forwarded to ten thousand physicians, including all the leading practitioners in the United States, for purposes of experiment. A circular, requesting a trial of the preparation and a report of the result, accompanied each specimen. Four thousand of the most eminent medical men in the Union promptly responded. Their opinions of the article were unanimously favorable. Such a preparation, they said, had long been wanted by the profession, as no reliance could be placed on the ordinary liquors of commerce, all of which were more or less adulterated, and therefore unfit for medical purposes. The peculiar excellence and strength of the oil of juniper, which formed one of the principal ingredients of the Schnapps, together with an unalloyed character of the alcoholic element, give it, in the estimation of the faculty, a marked superiority over every other diffusive stimulant as a diuretic, tonic and restorative.

These satisfactory credentials from professional men of the highest rank were published in a condensed form, and enclosed with each bottle of the Schnapps, as one of the guarantees of its genuineness. Other precautions against fraud were also adopted; a patent was obtained for the article, the label was copyrighted, a *fac simile* of the proprietor's autograph signature was attached to each label and cover, his name and that of the preparation were embossed on the bottles, and the corks were sealed with his private seal. No article had ever been sold in this country under the name of schnapps prior to the introduction of Wolfe's Schiedam Schnapps, in 1851; and the label was deposited, as his trade mark, in the United States District Court for the Southern District of New York during that year.

It might be supposed by persons unacquainted with the daring character of the pirates who prey upon the reputation of honorable merchants by vending deleterious trash under their name, that the protections so carefully thrown around these schnapps would have prevented the introduction and sale of counterfeits. They seem, however, only to have stimulated the rapacity of impostors. The trade mark of the proprietor has been stolen; the indorsement which his Schiedam Aromatic Schnapps alone received from the medical profession has been caused by meretricious humbugs; its labels and bottles have been imitated, his advertisements paraphrased, his circulars copied, and worse than all, dishonorable retailers, after disposing of the genuine contents of his bottles, have filled them up with common gin, the most deleterious of all liquors, and thus made his name and brand a cover for poison.

The public, the medical profession and the sick, for whom the renowned Aromatic Schnapps is prescribed as a remedy, are equally interested with the proprietor in the detection and suppression of these nefarious practices. The genuine article, manufactured at the establishment of the undersigned, in Schiedam, Holland, is distilled from a barley of the finest quality, and flavored with an essential extract of the berry of the Italian juniper, of unquestioned purity. By a process unknown in the preparation of any other liquor, it is freed from every acrimonious and corrosive element.

Complaints have been received from the leading physicians and families in the Southern States of the sale of cheap imitations of the Schiedam Aromatic schnapps in those markets; and travellers, who are in the habit of using it as an antidote to the baneful influence of unwholesome river water, testify that cheap gin, put up in Schiedam bottles, is frequently palmed off upon the unwary. Many agents of the undersigned have been requested to institute inquiries on the subject, and to forward to him the names of such parties as they may ascertain to be engaged in the atrocious system of deception. In consequence, the undersigned would say that he has produced, from under the hands of the most distinguished men of science in America, proofs unanswerable of the purity and medicinal excellence of the Schiedam Aromatic Schnapps; that he has expended many thousand dollars in surrounding it with such safeguards and safeguards, which he designed should protect the public and himself against fraudulent imitations; that he has shown it to be the only liquor in the world that can be uniformly depended upon as unadulterated; that he has challenged investigation, analysis, comparison, and experiment in all its forms; and from every ordeal the preparation which bears his name, seal and trademark, has come off triumphant. He therefore feels it a duty he owes to his fellow-citizens generally, to the medical profession and the sick, to denounce and to expose the charlatans who counterfeit his evidences of identity and he calls

DIGEST OF NEWS.

Gold closed in New York, last evening, at 1.35½.

Cotton was quoted at 28¼.

North Carolina Bonds: Old 64½. New 62½.

The Washington correspondent of the Baltimore *Sun* is responsible for the following:—"Rather an amusing incident occurred in the Senate on Friday afternoon, just before the adjournment. Mr. Wilson got up a House bill to relieve the political disabilities of R. W. Best and Samuel F. Phillips, of North Carolina, and explained that they could not take the offices to which they had recently been *elected*, until the bill was passed. Mr. Howard wanted some explanation. Mr. Abbott remarked that he had just received a dispatch from Governor Holden, of North Carolina, asking the passage of the bill. Mr. Howard said this was not enough for him; he would like to know whether these gentlemen had repented sufficiently to deserve this clemency. Mr. Abbott, amid great laughter, retorted, 'They both voted for General Grant.' This seemed to satisfy Mr. Howard, and the bill was put through without further opposition."

A correspondent of the Statesville *American*, writing from Prairie Home, Illinois, says:

"I regret very much indeed to see my native State so completely transformed into what might be called a Haytien government, and that men whose names once stood high in the estimation of the good and intelligent are now so completely demoralized and degraded, and appear so anxious to destroy the land that has done so much for them. Such men are no longer worthy of confidence. They have been weighed in the balance and found wanting. There are others who have crawled into office by intrigue and dissimulation that never had any character or respectability. They have nothing to lose by this leveling system, but much to gain by flocking from the Government; they don't care a fig for the country, whether it stands or falls, so they line their pockets and carry their point. I hope all such mean sneaks will soon be carried to stand aside and let others and good men take their places."

Congressman Lynch excuses the recent extensive use of his postal frank, by saying that he has "always voted in favor of abolishing the franking privilege, but while it is the law he does all he can to make it odious." We are disposed to be charitable. Who knows but that Dewease was actuated by similar motives?

Washington was thrown into hysterical paroxisms, the other day, by the finding of a couple of dead Ethiopians. If it had been a couple of dead white men, the loyal equanimity of Washington would not have been disturbed.

The Senate of Alabama has expelled the loll darkey, who stole a pair of shoes. This is a clear violation of the Civil Rights Bill. Many of the Senators have stolen more valuable things than a pair of shoes, and still they are permitted to hold office.

It is reported that Surratt has in course of preparation for the press a complete history of his wanderings during his efforts to avoid the Government detectives and escape arrest, and that he will divulge everything he knows bearing in any way upon the parties concerned in the assassination of President Lincoln.

The Governor of Pennsylvania says there are 75,000 children in the State destitute of school facilities. Where! and she went Radical. That superior intelligence needs looking to.

The admirers of Gen. Kilpatrick, in Connecticut, propose to give him a testimonial of their regard in the shape of an elegantly wrought service of silver. This will be carrying "coals to New Castle." "Kil" supplied himself abundantly with silver during the war, while he was burning down South.

The *Standard* newspaper of this City has actually got to speaking of its colored brethren and fellow-citizens as "*niggers*."

The Chicago *Times* calls Karl Schurz, the Red Republican candidate for U. S. Senator, in opposition to Senator Henderson, of Missouri, "the infidel-blatherskite representative of European *sans culotteism*."

Thurlow Weed is coming South to spend the rest of the winter, for the improvement of his health.

The three distinguished colored men, Costin, Turner, and Simms, from Georgia, courageously sought admission into the leading hotels in Washington, but were refused accommodations, and had to put up with quarters in negro boarding-house down town in Murder Bay, near the Long Bridge. They departed three days ago, with little hope of anything being done in their interest.

It is reported (probably falsely) that Gen. Grant intends to avoid riding with President Johnson to his inauguration by taking the oath of office before a Justice of the Peace in a back office.

Negro men are hiring around Columbus, Ga., for from $5 to $100 a year; women $40 to $60.—The "share" plan is in general disfavor in that region.

Grant is to be presented with a live eagle by certain enthusiastic Republicans in Washington. "What will he do with it?"

RALEIGH NATIONAL BANK.—The annual meeting of the Stockholders of the Raleigh National Bank was held at its Banking House, on yesterday.

The President submitted a report of the condition of the Bank, which was highly satisfactory and gratifying.

A new Board of Directors was chosen as follows: Geo. W. Swepson, W. H. Willard, R. W. Pulliam, W. J. Hawkins and A. S. Merrimon unanimously re-elected, and Charles Dewey and R. S. Tucker added to the Board, by the same vote.

Immediately after the adjournment of the Stockholders, the newly elected Board of Directors met to perfect their organization.

The late President announced his determination to return to Asheville to engage in business at that point, and therefore was not a candidate for re-election; whereupon, Charles Dewey, Esq., was duly elected President to succeed him, Wm. H. Willard, Vice President, and P. H. Wiley, Esq., Cashier. The remaining officers as heretofore.

The following resolution was unanimously adopted and ordered to be spread upon the minutes:

Resolved, That the thanks of the Board of Directors of this Bank are due and are hereby tendered to the late President, R. W. Pulliam, for the able, dignified and courteous manner in which he has discharged his duties, during his term of office.

THEATRE.—Mazeppa was presented again to quite a full and highly pleased audience last night,—Miss Raymond, as Mazeppa, with her beautiful mare, performing the leading *role* in superb style, and being well sustained by the Company. The troupe will give their next to last exhibition to-night, after an exceedingly successful run, and a very attractive and brilliant programme is promised. The Company is certainly a very capital one, and will pay the city another visit, it is to be hoped, during the winter.

The performance to-night is for the benefit of Miss Alice Vane, the Star Actress, and will be the best of the season. Secure seats to day.

THE SUPREME COURT.—This Tribunal is engaged on the regular routine of Circuits. No elections of Clerk, Reporter or Marshal have yet been made. The decision in the Injunction case has not been rendered.

DADDY KOWLES.—The President has appointed Daddy Kowles Assayer of the Mint at Charlotte. Surely Daddy Kowles will not accept an appointment at the hands of Andrew Johnson.

PEACE.—As two rather prominent commentaries on General Grant's text, "let us have peace," we would suggest the present condition of affairs in Georgia and in Arkansas. In the one State the negroes are banded together in open rebellion against the civil authorities, and maintain their freedom from law with muskets and bayonets. In the other State bands of thieves, regularly organized as State militia, are marching through the country, pillaging indiscriminately, and in many instances adding arson and even murder to robbery. There is no need to rehearse their atrocities; they have become only too familiar.—The wonder is that the people of Arkansas have so long submitted to these outrages. They have not been confined to the rural districts as in several instances the militia have taken possession of considerable towns. It would seem that the citizens would rise *en masse* and sweep from the face of the earth the militia and the men who organized them. When such things as the deeds done by these ruffians occur, talk of peace is cowardice and submission abject fear.—We hope soon to chronicle the utter extinction of the so called militia of Arkansas, and shall deem every moment which passes until that justice is done, as one more moment of disgrace to the people of Arkansas. Let the militia be broken up and Arkansas will have peace.—*N. O. Crescent.*

UNDERWOOD.—The infamous Underwood publishes a letter in Forney's *Chronicle* of yesterday telling Congress that the Virginia constitution disfranchises only between four and five thousand persons, and intimating that the opposition to its ratification is based upon its provisions in regard to education. Fortunately, the members of Congress have the constitution before them, and can see for themselves that Underwood would deceive them. It prescribes an oath which disqualifies nearly every respectable man in the State. It gerrymanders the State so as to give the negroes the control of the Legislature, allowing to the whole region west of the Blue Ridge but eighteen members of the House of Delegates. It violates the federal constitution in exempting from sale for debt property already bound for that purpose. It undertakes to give many of our churches to a northern and alien organization. In fact, it contains so many intolerably outrageous features that no decent man ought to vote for its ratification. Congress may compel us to vote upon it as it is, but cannot compel us to ratify it. It will be defeated, whatever Underwood and his backers may do.—*Richmond Dispatch*, 9th.

The Louisville *Democrat* regards Ben. Butler, in calling upon Andy Johnson, as the "most impudent man in America," and relates this anecdote: "Some thirty years ago a certain Washingtonian rang at the door of the British Minister to this country, and telling the servant that he had important business with the Minister, was shown into an ante-room, where he was soon joined by that official, when the following dialogue took place:

Minister—May I ask, sir, what business it is that you have with me?

Mr. P.—Certainly, sir. It is this: In passing your house I learned that you have a whist party here to night, and as I am remarkably fond of the game, I thought I would just step in and see what are trumps.

It is related that the sublime impudence of the thing so amused the minister that he invited the intruder into the room where the guests were assembled and introduced him as "the most impudent man in America."

SAD OCCURRENCE AND DEATH.—We learn that, on the forepart of this week while Mr. John Bradley, son in-law of Col. A. M. Walker, of this place, who, with his family had been here on a visit, was returning to South Carolina, and traveling in a private conveyance, when about ten miles from town, he had his child, about a year old, killed in the following manner: Mrs. Bradley, who was riding, attempted to pass the child to the arms of a negro girl, the nurse, who was walking near the vehicle, who failed to secure it securely, the child fell, and the wheel passing over its neck caused instant death. The agony of the bereaved parent at the unfortunate and sad occurrence can only be imagined.—*Statesville American.*

THE UNITED STATES SENATOR—HON. A. S. WELCH, OF IOWA, MICHIGAN AND FLORIDA.

The Tallahassee *Sentinel* gives the following account of one of Florida's Senators, whom it dubs a "carpet-bagger extraordinary." It will seem so to all who will read what the *Sentinel* says of the Senator. The Hon. A. S. Welch, of Iowa, president of the Agricultural College of that State, it says, "with $4,000 a year and a furnished house, and Senator from Florida (until March next,) will soon be announced by the Jacksonville *Union* as a candidate for the task of ousting Mr. Gilbert from his seat as United States Senator from this State.—Mr. Welch was elected last July, to serve the unexpired term, and shortly after accepted the lucrative position of president of the Iowa college, gave up his residence in Florida, removed his family to Iowa, and his property here was left for sale. His saw mill sold for $12,000. His residence is held at $5 500, with furniture. Mr. Welch has just returned to Florida. He proposes to stay if the Legislature will oust Mr. Gilbert and put him in his place. He proposes to pull up stakes instanter if the Legislature will be so naughty as not to gratify him.

Gentlemen of the Legislature, we have the high honor to take the bull by the horns and introduce to your acquaintance in January the Hon. Mr. Welch, of Michigan, president of a college in Iowa, and at present United States Senator from Florida."

Gen. Butler has introduced in the House at Washington a bill which provides that—

"No citizen of the United States, in passing from one place to another, within the same, shall be subject to a capias, summons, citation, or other process, of whatever name or nature, in a civil suit, or cause, whether *mesne* process, or execution, in any territory or district through which he might be passed, and of which he is not a citizen, unless he shall voluntarily remain therein for more than 48 hours, and all processes and writs contrary to the provisions of this bill shall be held null and void. Persons offending shall be held guilty of a high misdemeanor, and be subject to indictment, and on conviction be fined not less than $10,000, and imprisonment, not less than one, nor more than ten years, at the discretion of the court."

Because the General, in passing through Baltimore, was served with a process which may result in making him pay a proper penalty for some of his tyranny, he considers it a matter of interest to all the people of the United States.

The bill is not partial to officials, and in this is somewhat different from what might have been expected from its author. There are several laws of Congress designed to protect those who were responsible for arbitrary arrests and imprisonments during the war, which ought to be repealed.

A Washington telegram says: "General Logan appeared in his seat to-day, although still suffering from illness."

Why this effort to evade the truth by using the word "illness?" Why not call things by their right names, and say that Logan was still suffering from his customary holiday *drunk?* The 'republican simplicity" of which Americans are wont to boast, and of which Mr. Logan desires to be thought an exemplar, is more honored by honest plain speaking than by dishonest evasion to shield an inebriate politician from public scorn.—*Chicago Times.*

RADICAL REPUDIATION.—An important speech was delivered in the House yesterday by Mr. Coburn. He proposes "*to cut down the rate of interest on government securities*," as the only effectual means of *meeting the national obligations*. This, of course, is rank repudiation, but as it is feasible and promises *results*, the idea should be encouraged. It is supposed that Mr. Butler will "second the motion" in a characteristic speech, in which he will handle Morton without gloves.—*Wash. Cor. Baltimore Gazette.*

BODY FOUND.—The body of a dead negro infant was found in the front yard of a residence on West Centre Street, yesterday morning, where it was thrown, supposed, by the inhuman mother. The Coroner was notified, and a jury summoned, who rendered a verdict "that the deceased came to its death by violence, at the hands of some person or persons unknown." The case has been taken in hand by officers, who will endeavor to trace out who the brutal parent is.—*Goldsboro Messenger.*

Who wrote the most—Dickens, Warren, or Bulwer? Warren wrote "Now and Then," Bulwer wrote "Night and Morning," Dickens wrote "All the Year Round."

FROM WASHINGTON.

WASHINGTON, Jan. 12, P. M.

The President nominated Calvin J. Cowles for Assayer of the mint at Charlotte N. C., and A. S. Robertson, for Collector of Revenue for the Second District of Louisiana.

Butler's bill authorizes the Secretary of the Treasury to issue three hundred and fifty millions and further sums as may be required; and, after the 30th of June, National Banks shall cease to be Banks of issue. The bill is quite long.

Fowler, in arguing in favor of Sue Murphy's claim, said that claims of a similar character would not exceed thirty millions. The discussion excites much attention. The Southern "Senators" favor the bill.

The Reconstruction Committee is engaged on the Georgia case. To-morrow it hears Gillem on Mississippi.

Sherman, in discussing the Sue Murphy bill, said that if the claim was ignored, reconstruction would be a failure. The Southern loyalists, if treated as enemies of the country, will abandon *the party*.

A close canvass of the Senate indicates that the claim will be recommitted and finally passed.

CONGRESS.

WASHINGTON, Jan. 12, P. M.

HOUSE.—After Butler's speech, Banks reported a resolution for the protection of San Domingo and Hayti, &c.

Without conclusion, the Senate adjourned.

SENATE.—Sumner presented a petition from a mass meeting at Macon, Georgia, asserting a deplorable conditon and asking the passage of Sumner's bill.

A bill was introduced, forbidding transfers to foreigners, or grants or privileges from the United States.

The Sue Murphy case was resumed and discussed to adjournment.

FROM GEORGIA—THE LEGISLATURE.

AUGUSTA, Jan. 12, P. M.

The Legislature meets to-morrow. It is thought that the question of negro eligibility may be submitted to the Supreme Court for decision. Two Democratic papers suggest that this course be adopted by the Legislature.

FROM RICHMOND.

RICHMOND, Jan. 12, P. M.

Removals from office, under the 14th amendment, continue with rapidity. About one hundred officers of Courts have been removed in the last three weeks.

FROM ALABAMA.

MONTGOMERY, Jan. 12, P. M.

The Columbiana *Guide*, a newspaper published at the county site of Shelby, county, in this state, says that Judge Pelham, of the Circuit Court, on a case coming before him from the Probate Court of this county, has decided that the present Legislature is an illegal body, and that Governor Smith is an unlawfull officer. Judge Pelham is a prominent member of the Republican party and was elected to his office at the same time the Legislature and Governor was chosen.

FROM SOUTH CAROLINA.

COLUMBIA, Jan. 12, P. M.

In the Senate, Gambro, a Northern negro, was elected reading clerk.

A resolution was introduced by Walls, a colored Republican, requesting the Senate to call on Senator Osborne to repair to Washington and attend to his Senatorial duties or resign. The resolution was tabled by one majority.

A similar resolution was offered in the House, by Scott, (a colored member,) which was withdrawn.

Senator Osborne and Representative Hamilton left for Washington this P. M.

Impeachers seem to be losing ground.

Tell the Boys I'm Coming Soon.

BY J. AUGUSTUS SHOTWELL.

[I was just well enough to leave the hospital to report to my command. In passing out I stopped to bid a sick comrade adieu. I found the poor fellow was dying. He took my hand in his, and, with a last effort, whispered: "Tell the boys I'm coming soon!"—*Letter from Atlanta, 1864.*]

Where a hundred sick and dying
Groaned in agony and pain,
While the whizzing shells were flying
Fast as comes the pelting rain;
Was a soldier quickly straying
Into death's remorseless swoon,
Still he woke up firmly saying—
"Tell the boys I'm coming soon!"

"Did you hear it not? the rattle
Of the canister—the crash!
Hear the furious peals of battle,
See the cannon's lightning flash?
God of Heaven! my bosom's swelling,
Beating to the bullet's tune!
Listen to their distant yelling—
Tell the boys I'm coming soon!"

"Have they fought another battle?
I must be with them—I must!
God! there's music in its rattle
As the foemen bite the dust!
Tell the boys to strike for freedom!
'Tis of Heaven the priceless boon,
Tell the freemen that we need 'em—
Tell the boys I'm coming soon!"

Fast the soldier now was sinking,
Like the setting of the day,
Still his mind was dreaming, thinking,
Of the boys who wore the gray:
And with one strong effort sighing,
Ere he fell in Death's last swoon,
Still he said as he was dying—
"Tell the boys I'm coming soon!"

Coming quickly, coming blandly,
Rising up beyond the skies,
Marching onward, marching grandly,
To the gates of Paradise!
Tell the dead who've gone before him
He has won the holy boon,
Tell the saints who still watched o'er him—
Tell all Heaven he's coming soon!

WHEAT BRAN FOR MILCH COWS.—Cows that give milk require feed that abounds in albuminous matter, in order to be able to maintain a satisfactory flow of rich milk. Buckwheat bran will produce about as large a quantity of milk as wheat bran.—But the milk made by feeding buckwheat bran will be thin and poor, and much inferior to the milk which a cow gives when her feed is composed largely of wheat bran, which contains a large amount of albuminous matter. But wheat bran undergoes a great improvement by being cooked before it is fed. Agricultural chemists tell us that bran contains more than fourteen per cent. of albumen, which is an excellent feed for making rich milk. Besides this, wheat bran contains about three per cent. of phosphoric acid, which is an excellent article, in the line of fertilizing materials, for producing bountiful crops of any kind of grain or vegetables. Where a person has only one or two milch cows it will always be profitable to scald the bran before feeding to the cows. Let a few quarts be put in a tub and boiling hot water turned in and mingle with it until the mass is as thin as gruel; then allow it to stand over night, or during the day, covered closely. A good cow, fed with such a mess and prime hay, will roll out the rich milk almost as abundantly as if she were fed on grass, provided she have a comfortable shed or stable in cold weather.

THE SECRET HISTORY OF LINCOLN'S ADMINISTRATION.—No administration of any President of the United States has embraced such great and important events as that of Mr. Lincoln. The secret history of his administration, embracing the private interviews and correspondence with prominent individuals of all parties and professions, with rebels and loyalists, with men of the South and of the North, with emissaries of the rebellion, and leading advocates of the "on to Richmond" policy of conducting the war, would form a volume of intense interest. Such a work has been undertaken by Ward H. Lamon, who will soon have it ready for the press.

No one, perhaps, was nearer to Mr. Lincoln, or more familiar with all his transactions, from the time he left Springfield to come to Washington till the moment of his death, than was Colonel Lamon. He was his trusted friend, and ever watchful for his protection from all kinds of assaults. Familiar, also, with the leading politicians in all parts of the country, he was capable of appreciating the subjects of consultation between them and Mr. Lincoln.

The "Secret History" which Colonel Lamon is preparing for publication will contain much that is rich and racy. It will be an exposition not only of what Mr. Lincoln said and did, but of what was said and done in this connection by many of the politicians now prominent before the country. It will probably strike some hard and unexpected hits, but that it will be full of interest to every American student cannot be doubted.—*Nat. Intel.*

A. CREECH'S!

For Ladies' Goods! For Gentlemen's Goods! For Misses' Goods! For Boys' Goods! Ditto for Children!

MY STOCK IS LARGE AND VERY COMPLETE. Allow me to say that you see some very strange advertisements. Some say they bought goods before the rise—some after the decline—some just in time—some in luck again—some buy goods cheaper than anybody else—some selling goods at unprecedentedly low prices—some controlling the trade &c., &c., and all such stuff. What a lucky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? So let them talk, puff and blow, but STOP, LOOK OUT! **HANDS OFF!** and show your good judgment by
